Re: Alexander Properties Group, Inc. D/B/A Legacy Farm Townhomes and Curt Mann and
Andy Alexander Individually and as Officers of the Corporation – Case #2004-00058

Dear Ms. O'Donnell:

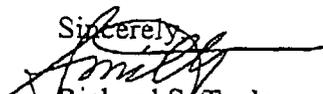

This is a show cause case alleging certain violations of the Pipeline Safety Standard. An informal conference was held on April 20, 2004, with the Commission staff and Alexander Properties was given time to cure the alleged violations and an Informal Conference was scheduled for July 6, 2004.

The apartment complex owned by Alexander Properties is master metered which is a problem because the property owners are not a utility and are not as familiar with the pipeline safety laws as utilities. Alexander Properties has been in contact with Columbia Gas of Kentucky concerning a remedy to its problems; however, Columbia Gas will not be in a position to give a decision as to its possible take over of the gas supply for approximately thirty (30) days. I have personally spoken with Judy Cooper of Columbia Gas about this matter and she said they are negotiating in good faith, but it would be a least three weeks before a decision is made to resolve the situation.

Alexander Properties request that the July 6, 2004 Informal Conference be continued for approximately thirty (30) day in order that the situation will have a chance to be resolved between Alexander Properties and Columbia Gas.

Thank you for your consideration.

Sincerely,

Richard S. Taylor
